BRERA ACADEMY

LIST OF ACTIVITIES

Warm-up: a short and fun time that gives the kids the chance to become aware of their body structure and functioning and that is at the same time a preparatory step towards ice skating.

On the ice: the kids will be given basic notions so to be able to take their first steps on the ice in utter safety and get used both to the rink and this appealing sport.

Creative labs: these are special activities offered by Agorà so to turn the campus into a funnier and more complete one; supervised by a Master of Art graduate in scenography at the Brera Academy, the labs will cover a wide range of activities including culinary workshops, botanic ones, creations made out of recycling materials and so much more!
